

PRECAUTIONARY MEASURES COVID-19

At Designer Trips, we confirm our efforts and comply with the WWTC Safety Protocols to fight and prevent against the spreading of COVID-19. Below, you will find our measures and recommendations that we will carefully follow. These measures are subject to change and may be enhanced, depending on local legislation and any new information about the virus:

- Provision of Sanitary Kit upon arrival in Argentina, including face masks, sanitizer, personal and reusable bottle
- Deliverance of this equipment respecting the minimum social distancing measures established.
- Use at all times of face mask for guides, drivers and all our staff. This measure applies to both staff and all passengers, as long as it is still implemented by local jurisdiction.
- Provision of gel alcohol in all transport units. Providing it personally to each passenger upon arrival into the vehicle, thus avoiding contact and massive manipulation of the dispensers.
- Constant ventilation and disinfection of environments and vehicles, .
- We guarantee all of our hotel and providers work in compliance with the protocols implemented by the Minister of Tourism and Health of Argentina
- Provision of all travel documents digitally, such as boarding passes, itineraries, vouchers, etc.
- Training and preparedness in protocols for guides and operational staff.

To make your travels safer...
